Update on GLaSS

This is what we are working on – our legacy data integration and conversion. Programming has been completed for addressing residency and professional judgement and we are testing the data. The **grant** programs that have application forms will be available within GLaSS, can be completed there and then HEAB staff will approve or request additional information; once completed the information is loaded into the system. AES and TES programming has started – high schools will enter the names of the students directly into GLaSS. We will begin getting our training materials together soon and contacting the schools to begin first steps on how to log into the system.

First Voucher

The first voucher for 24-25 will be August 13, 2024. Funds may be requested on August 7 for the fall semester.

Refunds

When sending in your refunds please include the list of students being refunded. If we receive a refund check and **do not receive a list that matches the amount being refunded within three weeks**, we will be sending the check back to you.
